

Tool Set, Individual Aircraft, Armament Repairman

SC: 5180-95-B69
NSN: 5180-01-433-4469, 5180-01-516-0223
LIN: W59034

System Description

MOS: 68J/68X The IAARTS consists of 100 tools and is contained in a lightweight portable plastic toolbox (with handles) measuring 24 inches wide, 18 inches long, and 15 inches high with a weight of 65 lbs. Each tool box has custom cut polyethylene foam inserts for the tool load. The tool set includes a padlock to secure the exterior of the tool box during storage and transportation and is stackable to four high.

System Mission

The general design and layout of the tool set serves the daily life style and work needs of the individual repairman. The mission may include the repair and maintenance of weapon systems utilized by rotary wing aircraft such as the Blackhawk, Apache, and Kiowa helicopters.
